

Education Française Los Angeles

EFLA-FLAM

south pasadena chapter

What We Offer

High quality, affordable after-school French classes for children between the ages of 5 and 18.

Who We Are

A group of parent volunteers created a 501 (c3) non-profit corporation to meet the needs of our local community with French native speaking teachers who have experience teaching children.

Why We Took the Initiative

EFLA-FLAM was created more than 3 years ago to meet the growing need of the Long Beach community to have high-quality yet affordable French classes. We offer different class levels from beginning to advanced for both Anglophone and Francophone children.

Classes are offered in small group settings so our teachers can engage with the children on speaking, reading and writing.

Details

Classes begin September 2015

\$14/hour: We are able to keep the cost down with no administrative overhead because volunteers donate their time to run the corporation and we receive subsidies from the French government

\$50/child one-time yearly registration fee

Classes are taught at **606 El centro Street, South Pasadena, CA 91030.**

What's in it for the children?

Emphasis is on teaching in a fun and creative environment.

The benefit of small classroom vs. private lessons is that children can make new friends and see how **"cool"** it is to speak French.
